

11.35am Charlie Green called. Had heard from Tom Ogilvie that FER + Long told Sam Chilcote that CIAR would be independent from F.I. There will be a meeting on Dec 10. When CIAR will be presented & other industry Union fight.  
Charlie also got a call from Dick McFarlane re possible intervention on Nov. 9 or 13. Charlie told him to investigate Blandford also.

Tuesday Nov. 2. 87

6.50am Ric → NY  
10.30am IFK → TYO

(Used passive monitor on NY-TYO  
switch - gave to oldaker)  
arrived at 2.40pm Tuesday.

Tuesday Nov. 3. 87 - Tokyo.

7.30pm. Dinner c Dan Hael and Bill Davis. Discussion re program of Indoor Air pollution Conference. Also had received telex from Bot Page - Jack Nelson called. FER talked c Sam Chilcote re CIAR. FER wants Sam to talk re potential director. Spabin should not interview any of the Candidates. Told Dan about meeting. Discussed press conference after meeting. Draft being prepared by Hael c help from Adlkofer for Shimizu.

Wednesday Nov. 4. 87 - Tokyo

9.30am Talked c E.W. re Jts draft earlier. Ends opinion, time to talk + time to be silent. The latter time now. Also felt the paper was rather sophomoric and poor and was opposed to publication. I agreed.

2021011269

10am Conference Started. Seemed well organized. Opening Remarks by Kasuga on excellent address re epidemiology on low risk associations by Ernst Wynder. V. good. Followed by Barbara Helle who obviously did not wish to be influenced by any facts whatsoever. Peter Lee - OK. But got too tied up in his presentation. Took hotel + Diner out to lunch - discussion of 1st paper.

1:00pm. Conference reconvened. Paper #2 by Roger Perry (Imperial College - London). Awful - the plan is a complete idiot. Beyond me how he could be considered a Scientist. 3:30pm. food paper by Piadet + Fink

3:45pm. Paper by Kluwe - too much data on food dyes but finds  $10^{10}$  of mutagenic values of those left by Hoffmann. food paper by Stirling. 16:30pm.

Rylander paper given by Linda Koo (later received telex - baby born on Sunday). 16:45 Scherer/Adelstein on urinary mutagenicity attended by Norpoth who was chairman of session. 17:00pm. paper by Oberdörster - made some fraternal remarks re Cd.

17:30pm. Excellent paper by MICHAEL KENTNER - U. of Erlangen FRG. - potential white coat.

Additional excellent paper by Wiedemann - Cleveland Clinic and by Wimmer (U of Düsseldorf FRG) also potential white coat

7:00pm. Reception. Arranged to meet Linda Koo for lunch in H.K. on Nov. 17. at noon in lobby of Regent. Had drinks with Kentner, Scherer + Gostonszyk

Nov. 5. Thursday

2021011270

8:30am Continuation of Conference. Several strange papers - esp. #27. from Finland. Unimpressive paper by Samanfeld - U of Ky

- 11:30 - paper # 30 - usual messianic rubbish by Spengler  
Harvard. # 32 - hot bad paper by Kilpatrick - direct  
challenge to Hirayama for release of his data.
- 13:15 p. - paper by Co worker of Trichopolous - re  
justifying low level risk - rubbish. 13:45 paper by  
Stellman on ACS study. Will not release data  
on challenge by Ted Sterling. Good paper by Kos.
- 2:30 p. paper by Leibel + Ubersa (#39) - excellent, b5<sup>2</sup>  
potential White coats - also Ubersa in paper # 41.
- 3:30 p. Ourlong panel discussion - V. Shange format.  
after dinner continued to 9:30 p.

Friday, Nov. 6. 87

2021011271

- 8:30 a. Continuation of Symposium. - Werner Stöber came  
in. Will see him at lunch. Good paper submitted  
by Domingo Ariado. Excellent paper by HUGO  
(given early to accommodate his departure).  
Minutes of discussion on indoor air pollution in 3<sup>rd</sup>  
world countries.
- 12:30 p. Met W. Stöber. I present on Sabatini at  
Rochester. Have invited him to PIC. to discuss various  
ETS questions. Would like to have him as a white coat
- Closing panel + session till 4 p. - Press release  
prepared by Hurd for Shimizu. - David Schwartz should  
keep favorite shirt. So should find Fort. F.T. Roe asked  
for a smoke free society - David ETS "bothered" him.
- 7:30 p. Met T.C. Too for dinner (just came in) - joined  
Ernst + Sandy. They were off to Kyoto before ret. to  
10th of 6<sup>th</sup> World Congress. Then on to Beijing next  
Thursday.
